SPECTATORS DENOUNCE DISGRACEFUL TACTICS OF DREYFUS' ENEMIES

Commandant Lauth, Stung By Trarieux's Arraignment, Drags in the Name of a Woman to Score a Point Against Picquart, and an Uproar Follows in the Court Room.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Sept. 5.—Two hours after the opening of the court-martial of Captain Dreyfus was spent behind closed doors. The length of time employed in the examination of Eugene de Cernuschi, the Austrian refugee and witness for the prosecution, was the subject of much remark, as being indication of the fact that the court found this witness to be worthy of more consideration than it had been supposed that he deserved.

The largest audience yet assembled in the Lyceum was present when the opening session of the court-martial began at 3:30 o'clock. Senator Trarieux, former Minister of Justice, resumed his deposition which had been interrupted by adjournment yesterday. He took up the testimony of Savignaud, the witness for the prosecution who had asserted that he had seen letters addressed to M. Schaeffer-Kestner, formerly a Vice-President of the Senate, by Lieutenant Colonel Picquart, while Savignaud was Picquart's orderly in Tunis. M. Trarieux declared that Savignaud was a perjurer, and that two officers visited Savignaud before the court-martial opened. M. Trarieux hinted that the officers had bribed Savignaud to the testimony he should give.

Savignaud replied, reiterating the truth of his previous testimony. Lieutenant Colonel Picquart then arose and repeated his denial of Savignaud's story. M. Trarieux delivered his testimony in an emphatic tone. He reviewed the question of the petit bleu, which, he said, he was convinced was authentic. He proceeded to answer the question of the role played by Commandant Lauth in the affair. On the conclusion of M. Trarieux's deposition, Commandant Lauth confronted him. The two speakers declared that he had acted honestly throughout, and that he had not the least doubt of Lieutenant Colonel Picquart's falsification of the petit bleu in order to incriminate Major Esterhazy.

JOSEPH CHAMBERLAIN.

ALL SIGNS NOW POINT TO WAR WITH THE BOERS

British Cabinet Council on Friday Will Settle the Question.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Sept. 6.—This morning's news sheds no new light on the Transvaal crisis. The signs which the English are accustomed to seeing previous to a war continue, and from these any number of sensational deductions may be drawn. Joseph Chamberlain, Secretary of State for the Colonies, remains at the Colonial Office and other Cabinet Ministers are either here or on their way to this city. General opinion tends to the belief that the Cabinet Council will meet in an ultimatum, followed by an ultimatum, down on the part of the Boers, or the commencement of hostilities by Great Britain. This feeling, however, is founded on the trend of the recent negotiations, and it is often forgotten that in these Mr. Chamberlain had previously been a cautious conservative, which undoubtedly will characterize the deliberations of the full council.

CRISIS MORE ACUTE. The Daily Mail Gazette today says: "It is feared that during the next twenty-four hours the probability of war has become appreciably greater." The paper, however, points no news except that received yesterday to justify this assertion. Advances from various sources today indicate that the acute tension in all parts of South Africa continues. But unless the Boers take the initiative, which at present is improbable, it is pretty certain that the issue of peace or war lies first and foremost in the hands of the British cabinet, hence public attention is centered more on the signs of the times as exhibited at the army stations and the dining yards than in South Africa itself, though news from there is eagerly awaited, chiefly owing to the uneasy feeling that the Boers might and the diplomatic tangle by raiding Natal.

CHAMBERLAIN TO KRUGER. It is reported this afternoon that Mr. Chamberlain sent a copy through Sir Alfred Milner, Governor of Cape Colony and British High Commissioner of South Africa, to the Transvaal government's latest proposition. The matter is generally understood to be a withdrawal of the former government's initiative in agreement for a further conference. It seems improbable that Mr. Chamberlain has done this, as he would probably have awaited the Cabinet's decision before making such action, and even if he has it is hardly likely that his reply would bring matters to a head except by irritating the Boers into aggressive action.

KRUGER'S LATEST EFFORT. PRETORIA, Sept. 6.—The latest reply of the Transvaal republic to the British demands has been published. In this reply it is expressed that the proposals of Great Britain are unacceptable. The Transvaal government admits Great Britain's rights under the convention and international law to protect her subjects, but denies a claim of sovereignty. The reply accedes to a further conference regarding the franchise and representation. BOERS READY TO FIGHT. The second edition of the Times issued this morning publishes a dispatch from Newcastle, Natal, which says that during yesterday's debate in the House, regarding the extent of British troops to the Transvaal, Herr Dalmer, a member of the House, said: "The Boers only require half a day's notice to fight."

MAJESTY FOR THE BOERS. The correspondent of the Times, continuing, says: "Many conclude that the defiant tone of the Boers is not unconnected with the fact that Mousier's ammunition which had been stopped at Delagoa Bay has now been received. The Pretoria government admits that a consignment of cannon is now on its way from France. It is the evident aim of the Boers to secure time until grass and water are plentiful, the Boers fully recognizing that a peaceful settlement of the difficulty is out of the question." The Cape Town correspondent of the Times telegraphs as follows: CAPE COLONY'S ATTITUDE. In regard to the remarks of Sir John Gordon Sprigg, former Premier of Cape Colony and leader of the opposition, made at yesterday's session of the House of Assembly, Sir John William P. Schreiner, Premier of Cape Colony, said that permits had not been granted for large quantities of ammunition to be transported through the colony, but that small quantities for local importers continued to arrive and he had no desire at present to stop such importations.

YORK and Judge Leo Ressor of Missouri. In the meeting of the council of administration, after adjournment of the convention, there will be an effort to change the method of choosing the Executive Committee. In addition to the national encampment the following auxiliary associations began their meeting today: The Naval Veterans, Women's Relief Corps, Ladies of the G. A. R., Union ex-Prisoners of War, Ladies' Auxiliary Naval Veterans, National Army Nurses' Association and Daughters of Veterans. In addition, there were many other reunions during the day and night. The show feature was a parade of union ex-prisoners of war. Speaking of the visit of the G. A. R. to Montreal, Colonel Johnson said: "A royal welcome was accorded our comrades by the people of Montreal. A rousing campfire was held on the evening of June 21st, which was attended by many of her majesty's prominent officials who gave expressions of warmest commendation of the friendly relations now existing between the two countries, suggestive of the fame of Anglo-Saxon unity which is spreading throughout the world." Colonel Johnson closed with the statement that he has for the past three months been corresponding with a view of the establishment of Grand Army camps in Porto Rico, Cuba and the Philippine Islands. He recommends that the international commander-in-chief continue the effort.

WILL MEET IN CHICAGO. PHILADELPHIA, Sept. 6.—The National Encampment of the G. A. R. has selected Chicago for the next place of meeting.

DEATH IN AN OPEN SWITCH. BENDVILLE, Pa., Sept. 6.—An open switch caused a wreck on the Erie at MILLER'S Station, a short distance above this city, today, in which three men were killed and one injured. A westbound freight train had taken the siding to allow train No. 54, vestibuled limited New York-Chicago express, to pass. The switch was left open, and the passenger train ran into the rear of the freight at the rate of sixty miles an hour, plunging through several freight cars. The dead: REUBEN A. ARNOLD, engineer passenger train, Meadville. CONDUCTOR, J. H. SCHAEFFER, freight train, Meadville. FIREMAN GEORGE SCHOLTZ, freight train, Meadville. JOHN KERSH, of Buffalo. The dead and injured were all brought to this city.

Associated Press Dispatches by The Tribune's Special Leased Wire. ATLANTA, Ga., Sept. 6.—Charles E. Benthien today reiterated to a representative of the Associated Press the absolute truth of his statement involving Vice-Consul Flosschuetz in the German secret service work between Berlin and Paris. "I can assure Flosschuetz will deny this," said Benthien, "but it can be easily fastened on him. The point in the investigation really is this: To inquire into the right direction. There is no use going to Flosschuetz about anything. He will naturally deny it, and the rage of the Germans will turn on us. If Flosschuetz denies his connection with this matter, let this question be put to him: 'For what purpose did Flosschuetz hand over to me (Benthien) a money order calling for 1,600 marks, signed by the Emperor?' 'Without the honorable Secretary of State, Mr. Hay, says about the Vice Consul beginning in 1888 is correct. The German government wanted him made Consul, but this position he was not allowed to fill because he was a German. I do not know positively that he was cashier of the bank of Sommerberg. He was a director; Franz was a director, and his name often figured in the handling of secret service funds, as I have told. I will be willing to respectfully submit to the honorable Secretary of State the direction in which I look for convincing evidence of all that I charge. I say again: Flosschuetz was Vice Consul to add the German secret service in obtaining information from France. 'He placed his services at the disposal of the German secret service, and between the years 1890 and 1894 he was actively engaged as confidential agent of the secret service. Let the Secretary of State request the American Ambassador in London to get permission from the Commissioner General of Postoffices in London, and go to the village of Holmrope and examine the Postoffice records which are not destroyed. 'Evidence there in black and white will show the truth of every assertion I have made.' 'What course do you suggest for the securing of information regarding the German branch of this service?' 'It would be manifestly impolitic to make that public. As I say, I am willing to respectfully submit any suggestion to an accredited representative of the United States Government regarding a way in which this matter may be ferreted out. Once our hard is shown, the German government will effectually destroy every bit of evidence which will yet confirm what I say.'"

GRAND ARMY IS DOWN TO WORK Camps to Be Formed in Uncle Sam's New Possessions.

Associated Press Dispatches by The Tribune's Special Leased Wire. PHILADELPHIA, Sept. 6.—The real business of the Grand Army gathering began today with the assembling of the national encampment in the Grand Opera House. The election of the next commander-in-chief is an important question which will be decided by the delegation. It is expected that Colonel William C. Johnson of Cincinnati, the acting commander-in-chief, will be elected to fill the unexpired term of two days. This will render him ineligible to candidacy for the full term, and he will be given the title of past commander-in-chief. The contest for the command is between Colonel Albert D. Shaw of New

York and Judge Leo Ressor of Missouri. In the meeting of the council of administration, after adjournment of the convention, there will be an effort to change the method of choosing the Executive Committee. In addition to the national encampment the following auxiliary associations began their meeting today: The Naval Veterans, Women's Relief Corps, Ladies of the G. A. Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, Sept. 6.—After an unusually long period of peace, trouble has again appeared in Venezuela, and a revolutionary war is now in progress. The information has come to the State Department from an unofficial source, but one believed to be trustworthy. The extent of the movement is not known here, but as there have been for some time past rumors of discontent it would not be surprising if this latest manifestation should prove to be of large proportions. THE DETROIT TO BE ON HAND. WASHINGTON, Sept. 6.—Orders will be issued to the cruiser Detroit to proceed at once to Venezuela in view of the disturbed condition of affairs in that country. The Detroit is with Sampson's fleet at Philadelphia.

LEFT PROPERTY TO HIS NIECE. The will of Frederick W. Muhlenhaupt, who died on the 26th of last month in this city, has been filed for probate by Ernest Heid. Bequests are made as follows: To Herman Goldschmidt, \$100, to Dora Clara Schneider, \$100, and the remainder of the estate to Henrietta Heid, a niece. The estate is valued at about \$4,600.

WILLIAM JENNINGS BRYAN.

SILVER CHAMPION GIVES VIEWS ON MANY TOPICS.

He Was Met at the Train This Morning by a Band of Loyal Friends.

Today, for the second time in three years, William Jennings Bryan passed through this city and was the recipient of courteous attention on the part of admirers who have espoused his principles and pledged themselves to his support in his aspiration to the presidency. The silver advocate came fresh from the glories of the Yosemite on the Fresno train, which was due at the Sixteenth street depot at 11:44 o'clock, but it was ten minutes late before the train stopped at the station. He was accompanied by W. W. Foote of this city, who had escorted him through Yosemite. At the station there were waiting to welcome the Noblesman Judge Sullivan, Jasper McDonald, Captain A. B. Donnelly of San Francisco, and Silver Republicans of this county who were appointed on the committee by the governing body in San Francisco. Among these were H. A. Ingalls, R. J. Montgomery, John Aubrey Jones, John Wiley, T. O. Crawford and Rudolph C. O'Connell. Mr. Bryan was surrounded by a corte of leading San Francisco Democrats, among whom were W. J. Alvord, J. J. Dwyer, Seth Mann and others, who had met him at Port Costa. He was also accompanied by his wife, who seemed to be somewhat fatigued from the forced traveling and their three children. At the broad gauge mole another band of San Franciscans greeted Mr. Bryan and accompanied him to the city. Great interest attaches to Mr. Bryan's visit here now because of his attitude with respect to the administration in the Philippine war. In speaking of the subject, Mr. Bryan said: "The administration should have given the Philippines the guarantee of independence that it gave the Cubans. If the administration felt it had no power to do that, it might have received authority from Congress. The Philippines are to be given independence or they are not to be given it. If they are to be given independence, then we ought to advise them of the fact as soon as possible and thus save bloodshed. If they are not to be given independence then we must be prepared to defend the European idea of government, which is radically different from that of our own." As to the benefit which California and the country would receive from trade with the Philippine Islands, Mr. Bryan holds: "The islands offer attractions to American capital but not to American labor. You have tried to exclude the Chinese. You may now have to exclude

the Filipinos. The trade will not benefit all the people. It would be better to encourage trade by cultivation of friendly relations than by establishing it at the point of the bayonet." Speaking of W. W. Foote, Mr. Bryan said: "He is one of the most genial men I ever met, one of the warmest of friends and most loyal of entertainers." Mr. Bryan will speak in Woodward's garden in San Francisco tonight.

PROCEEDINGS OF HOME TRADING SCHOOL BOARD. IS THE ISSUE.

Principal Markham is Merchants' Committee Engineer Favors Putting Them at Eighth Street.

The Board of Education met last night in regular session, President Russ in the chair. Present, Directors Redington, Randolph, Hengst, Price and Knox. A communication was received from Edw. Markham, principal of the Tompkins school, asking for a leave of absence for one year. It was explained by Superintendent McClymonds that a leave of absence would not be granted for a year except under suspension of the rules. As there were not enough members of the Board present to suspend the rules, an motion of Director Knox for six months was granted. The understanding that it could be renewed at the end of that time, just before the meeting adjourned. Director Wilcox came in, and the remainder of the meeting was spent in the discussion of the understanding that it could be renewed at the end of that time, just before the meeting adjourned. Director Wilcox came in, and the remainder of the meeting was spent in the discussion of the understanding that it could be renewed at the end of that time, just before the meeting adjourned.

A communication was received from Hugo Weitz, who offered to photograph the school pupils in the building. The photographs to form a part of the California exhibit at the Paris Exposition. Referred to Classification Committee.

Principal Markham of the High School submitted a report on the daily session of the High School class at 3 o'clock instead of 3:30, the class of evening students having been discontinued. Referred to Classification Committee.

Miss Irene Brown, who is under a physician's care, submitted a petition for a special course in drawing at the High School. Granted, provided the principal does not object.

Director Redington of the Committee on School Houses and Sites said he was not in favor of the plan of the Lincoln school until the rooms were finished. There was one small room available, but this would hold only forty pupils. The room the committee proposed to build up the room properly about \$250,000, and for a class room, while the small room could be used for a recreation room. Referred to Finance Committee.

Mr. Randolph recommended that a church building be established on the north corner of Fourth and Grove streets. Referred to Board of Public Works.

Mr. Randolph said the Committee on School Furniture and Supplies had looked after the school rooms, as they were so far from being nearly worthless. He thought the committee should ascertain if the rooms came up to standard. Referred to Committee on School Furniture and Supplies.

Director Knox of the High School Committee recommended that a teacher, Miss Teacher Amsberg be hired. Referred to the Committee on School Houses and Sites, with power to act.

Director Redington of the Finance Committee submitted bills for school supplies. Referred to Finance Committee.

He also submitted the following resolution: "Resolved, That the City Treasurer and the City Auditor be and are hereby authorized and requested to transfer \$50,000 from the school fund to the fiscal year 1898-1899; also to transfer the sum of \$100,000 from the High School fund of the fiscal year 1898-1899 to a new fund for the fiscal year 1899-1900. Said sum heretofore having been in excess in said funds of 1898-1899."

It was so ordered.

Director Redington said that Teachers' A and B had offered to give the use of the Paris Exposition free of charge.

Director Knox of the Industrial Training Committee moved that the manual training rooms of the Central School be opened on Saturday morning to teachers. Seconded.

Superintendent McClymonds reported that in the exercise of his discretion he had closed the schools for two days last week instead of one, as requested by the Board. While he was convinced that it was for the best interests of the children to take such action, still he acknowledged that he should have consulted the Board in the matter.

Director Redington wanted to know why the schools were kept open on Labor Day.

Mr. McClymonds said he had consulted several members of the Board and they were of opinion that so little attention was paid to the matter that it was not worth while to close the schools.

In reference to the finances of the Second Department Mr. McClymonds said that seven or eight more teachers could be employed to advantage if the Board had the money to pay them. He was not sure, but he thought it was worth while to try.

All the schools were crowded—the Lafayette school the worst and the Lincoln school next. Auditor Reed figures \$2,200 more in the school fund this year than last. If the schools receive as much from the State and county as they have, the Auditor thinks they will, the department, by close economy, can get through the year, and if the schools get more than figures on it may be possible to put on three or four new teachers. As soon as the county survey is made, which will be before the next meeting of the Board of Education, the amount the schools are to get will be known.

Mr. McClymonds said that Director Redington, who was absent, had asked him to bring up the matter of letting the High School boys have the use of the gymnasium in which to give a minstrel show to raise funds for athletic purposes, introduced in which he had been told that the boys wanted the gymnasium for only two evenings and an hour or so after school for two days. He was heartily in favor of granting the request, on motion of Director Knox the request was granted.

Mr. Redington gave notice that he would, at the next meeting, ask to have the law abolished whereby pupils were not allowed to enter school unless they had attended the four weeks after the term began. Director Price said the Board should consider the question of purchasing the school house site in the annex territory. Property was going up in a few years a site would cost much more money.

The matter of filling the vacancy in the Tompkins school, caused by the absence of Prof. Markham, was referred to the Classification Committee to report at the next meeting.

Lacy W. Field made application for a reduction of tuition. Granted.

Mr. McClymonds presented a petition for a High School evening class. Referred to Finance Committee.

The Board then adjourned.

Demurrer Overruled.

The demurrer in the contest of the will of the late William Patton of Alameda was overruled yesterday. The sons of the deceased are contesting their father's will because he left his former housekeeper, Mrs. Annmerman, \$50 a month during her life.

PLANS FOR NEW GATES. TENNIS GAMES AT MONTEREY. CONFERENCE AT PACIFIC GROVE. SHE WANTS DAMAGES.

Principal Markham is Merchants' Committee Engineer Favors Putting Them at Eighth Street.

The Board of Public Works held a meeting this morning. Present, Snow and Clement. The claim of Joe Martin for \$243.30 for sweeping the streets from August 15th to 24th was approved.

A communication from Street Superintendent Miller was received. He stated that the passage of the resolution before the Board compelling the street sweeping to be done between the hours of 11 o'clock P. M. and 6 A. M. would greatly increase the expense of that work. He suggested that the Board should stop his sweepers from being hired and a new sweeping machine purchased. He recommended as a substitute for the resolution that the street sweeping contract be ordered, under penalty of a fine, to stop his sweepers from being hired and a new sweeping machine purchased. PERTINENT QUESTIONS.
Senator Chandler Puts Some Posers to Foes of Expansion.

Associated Press Dispatches by The Tribune's Special Leased Wire.
WASHINGTON, N. H., Sept. 6.—(Editorial.) The Republican Club Senator William E. Chandler, discussing national politics and declared his support of the Administration's Philippine policy. He proposed fifteen questions on the Philippine situation for Senator William E. Mason of Illinois, who is visiting in this State, to answer. The first eight of the questions apply to the naval and military operations in the islands. The others follow:
Is President McKinley bound to maintain the sovereignty in our hands until otherwise directed by laws of Congress?
Can any power act in Congress, acting by law, make the Philippines a colony of the United States?
Has any power but Congress the right to surrender our sovereignty in the Philippines?
Has President McKinley any right to forestall the action of Congress in other direction towards making the Philippines a colony or surrendering them so that they cannot be made a colony if Congress so desires?
Do we think the United States should do anything to prevent the partition of China among the continental powers of Europe?
Is not the maintenance of United States power in the Philippines essential to aid us to prevent the dismemberment of China?
What is your affirmative Philippine policy, if you have one?

LAST NIGHT'S WORK OF THE CITY FATHERS

WANTS TO TAX THE MACHINES. AGNEW STILL HOLDS OFFICE. BIDS FOR THE BOULEVARD. ROUTINE OF THE COUNCIL. FIXING THE TAX LEVY. MEMBERS OF COUNCIL Engage in a Lively Debate.

Girard Presents an Ordinance to Raise More Revenue.
At the meeting of the Council last night, Councilman Girard introduced an ordinance which is appended, the principle feature of which is a provision taxing nickel-in-the-slot machines at the rate of \$1 per quarter.
Mr. Girard's purpose in introducing the measure was to add in raising an increased revenue for the city. He had talked, he said, with leading cigar dealers, and salaried men and they had expressed no opposition to paying a license of \$3 per quarter.
Mr. Girard figured that there were about 500 machines of the kind in this city and that they would derive a revenue from them of about \$1,500 a year. The ordinance introduced by Mr. Girard is as follows:
"Be it ordained by the Council of the City of Oakland, as follows:
"Section 1. Ordinance No. 1069, entitled 'An Ordinance Establishing and Regulating Municipal Licenses,' approved May 20, 1927, is hereby amended by adding thereto a new section to be known and designated as Section 27c, to read as follows: 'Section 27c.—For every weighing machine, photographic machine, cigarette machine, candy machine, fortune-telling machine, clear machine, cigarette machine, or any other machine or device operated by dropping a nickel or any other piece of money or article or anything of value in a slot, commonly known and designated as a 'Nickel-in-the-Slot Machine,' \$3 per quarter, provided that such machine or device shall be constructed to license or authorize any instrument or device made unlawful by any general law of this State or ordinance of the City of Oakland.
"Section 2.—This ordinance shall take effect immediately."

TO INVESTIGATE A STRANGE TALE
Did Our German Consul Transmit French War Secrets?

Associated Press Dispatches by The Tribune's Special Leased Wire.
CHICAGO, Sept. 6.—A special to the Times-Herald from Washington says: Instructions were sent today by Third Assistant Secretary of State Chandler to Oliver D. J. Hughes, Consul of the United States at Cologne, Germany, to make an official investigation of the allegations made by Charles E. Benthien that Alvin Karpis, Vice Consul at the same point, transmitted French war secrets to the Berlin government on the official paper and in official envelopes of the American consular service.
This action was taken by direction of Secretary Hays after that official had read the remarkable story told by Benthien in Atlanta. The general disposition at the State Department is to disbelieve Benthien's charges, but it is said that now that they have been given publicity it is necessary to take official notice of them.
So far as could be learned, the French government has not officially called the attention of this Government to the matter, but it would not be surprising if it were to take such action. Though the responsibility for the disclosure of the matter is being investigated, it is said that the State Department is not inclined to take any action until the investigation is completed.
According to the official record of the State Department, Karpis was not recommended for appointment into the American consular service by the German government, and such a recommendation, had it been made, would not have been followed.
When the United States had a consulate at St. Petersburg, Mr. Karpis, formerly a Russian agent, was appointed to this office in 1925 upon the recommendation of Edward C. Welles, who was Consul at the time. Somewhere was reduced to a consular agency last year, and the consulate was transferred to Chicago. Karpis was transferred to Cologne, Hughes, Karpis was reappointed Vice and Deputy Consul, and he is now holding this position.
Under the instructions sent to Mr. Hughes, he will call upon his subordinate for an official explanation of Benthien's allegations, and make in addition a thorough investigation so as to determine whether or not there is the slightest foundation for the charges which have been made.
Karpis has an excellent record, beyond a doubt that he has improperly used his position and the consular power of this Government in behalf of Germany or any other government, he will be immediately removed and proper representations made to the French government.

NATIVE SONS WILL WEAR WHITE COSTUMES.
The committee of Athens Parlor of Native Sons, consisting of Ben E. Woolner, J. N. Fogarty and Frank A. Loen, has given out the costume to be worn on September 9th at Santa Clara. The costume is a white duck trousers, white shirt with standing collar, blue vest, blue tie, white duck coat, white golf cap and white shoes. Each member will carry a white parasol ornamented with orange-colored streamers. The badge to be worn will be of the hue of the golden poppy and will have inscribed upon it a motto that will be the people know that the boys are from Oakland.
A handsomely decorated float will also accompany the Athens contingent.

Action on Ordinance to Oust Him Indefinitely Postponed.
The attempt to depose the police force by ordinance and the present clerk of the Council, the ordinance creating the office of one policeman and enabling the chief to appoint an officer as his clerk, failed in the Council last night after a delay of many months. The measure had been before the Board of Fire and Police Commissioners since May of this year, having gone there at the time from the Council. It was delayed in various ways, having several times been taken up at the request of Commissioner Dow who was not, as he claimed, ready to vote upon it.
When the Fire and Police Commission did take action on the matter, it was in the shape of a resolution to the Council in the effect of which the ordinance did not pass for the reason that the Chief of Police had stated that the clerk was a necessity of the office and that he did not think it would be advisable to reduce the number of the police force.
The ordinance and the recommendation that it pass. After the ordinance had been announced as on its passage, Mr. Schaffer moved that it be indefinitely postponed. Mr. Stetson moved that the matter lay over till the next meeting.
"What is the object," said Mr. Schaffer, "in having this ordinance lay over? I would like to know what good is to be accomplished by this delay. The ordinance has now dragged along for three months. I, as an officer and the clerk of the chief, this man is in constant fear of being thrown out of a position. He is a capable man. He is a policeman. He works as a clerk and does police duty day and night."
The motion to indefinitely postpone was lost, those voting in the affirmative being Messrs. Kramm, Messrs. Mott, Schaffer, Messrs. Stetson, Taylor, and Upton.
The matter was then allowed to lay over and remains as before, subject to consideration of the Council. The ordinance was introduced by Mr. Girard and was passed by the Council last night.

DEWEY MEETS AN OLD FRIEND.
The Admiral Enjoying His Sojourn at Gibraltar.

Associated Press Dispatches by The Tribune's Special Leased Wire.
NEW YORK, Sept. 6.—A dispatch to the World from Gibraltar says: Nothing could be in more striking contrast than Admiral Dewey's surroundings at the hotel here and what awaits him in New York. He came ashore at 8 o'clock this morning. The hotel where the Admiral is stopping is no exception. He and his family are in the rooms adjoining the main entrance. The rooms here are as large as the hotel affairs, such as rent for a week in New York. But the rooms are quiet and the Admiral has made himself quite comfortable.
In the morning he visited the harbor and took luncheon with Consul Sprague. In the afternoon Major General Blaine, commanding the artillery forces, Major General Sir Henry Colville, commanding the infantry forces, and Major General Sir John Dill, commanding the cavalry forces, called. Among those who called were Colonel Dundas, Assistant Adjutant-General, who was commanding the troops on the transport from India, which had just arrived, and the Captain Dewey, who was just recovering from a surgical operation. The Admiral never forgot Dundas' kindness and the Colonel has always remembered the good stories Captain Dewey told. They met here today for the first time in thirteen years. The hospitality of the club and of the messes was extended to the wardroom of the Olympia. Calling began early this morning, and the Olympia will depart September 10th.

GEN. WILEY HONORED.
Associated Press Dispatches by The Tribune's Special Leased Wire.
CHICAGO, Sept. 6.—General J. C. Wiley of Pennsylvania was elected commander of the Society known as the Service Men of the Spanish War at a meeting of the charter members of that organization held this city last evening. The election was caused by the resignation of Colonel Robert W. Leonard, who was recently appointed Lieutenant Colonel of the Twenty-eighth Regiment, U. S. V. Infantry.
General Wiley is one of the best-known officers in the National Guard service in Pennsylvania.

Councilmen Say That Money Must Not Be Squandered.
The question of appropriating more money for the building of the rock wall of the boulevard provoked quite a discussion at the meeting of the Council last night.
Mr. Girard moved that the matter be indefinitely postponed. There were those, he said, when the city, perhaps, would have money to burn. When that was the case it might be allowable to sink the money in the lake. But the city was not in that condition that it had money to burn. It had no money to squander. No money to sink in the lake. There were nearly \$500,000 in the work already and the rock simply sunk into the mud. Any of the members of the Council could go there and could see that the rock was simply going down in the mud and that it was only foolishness to have the practice continue longer.
Mr. Taylor said that he had paid a visit to the boulevard and that he felt somewhat as Mr. Girard did. He could not help but think that the proper way to complete the boulevard was to call for bids so that they might know how much the work would cost.
Mr. Mott said that he did not think that it was the right thing to do now because the work had been carried so far that it was ill-advised to stop the improvement. The work should be continued and the proposed drive should be completed. He thought the proper way was to ask for bids so that it might be ascertained how much money the work would cost. The money was in the boulevard fund. It could not be used for any other purpose and it ought to be used to complete the boulevard.
Mr. Taylor said he did not want exactly to have the matter indefinitely postponed. He would like to have the matter lay over or go back to the committee.

ANDREW WHITE GIVEN CREDIT.
Our Minister's Good Work at the Peace Conference.

Associated Press Dispatches by The Tribune's Special Leased Wire.
NEW YORK, Sept. 6.—Frederick W. Hols, secretary of the United States commissioners to the Peace Conference at the Hague, has just returned home. The Hague.
Speaking of the results achieved by the conference, Mr. Hols said:
"The American Commissioners worked harmoniously together and with the representatives of other countries. Now that the conference has closed, we can say that we have taken care of the interests of this country so far as lay in our power and as we knew how. Without wishing to disparage the efforts of the ability of any of the other members of the conference, I am proud to say that our success was due first and foremost to the wisdom and judgment displayed by Andrew D. White. Although, perhaps, it did not appear so on the surface, Mr. White was the advisor of the conference, personally his influence was strongly felt. He smoothed out difficulties and prepared the way with a hand for some of the best work done at the Hague. We succeeded in carrying most of the proposals we wanted to the conference, and we were able to secure a great step forward in international law in the history of civilization."
"There was a most admirable spirit manifested by the different delegates toward the representatives of other countries. Between the American, English, German delegates the most cordial feeling and the closest co-operation existed."
While the conference was sitting, Mr. Hols went to Berlin for a purpose. He said, the Minister for Foreign Affairs, discussed the situation with them, with the result that they were in a position to judge the work accomplished by the conference as being, while not a very long step, at least a step in the right direction. The institution of a great permanent court of arbitration is undoubtedly a great step forward in international law in the history of civilization.
"There was a most admirable spirit manifested by the different delegates toward the representatives of other countries. Between the American, English, German delegates the most cordial feeling and the closest co-operation existed."

Members of Council Engage in a Lively Debate.
The liveliest debate which has yet taken place among the members of the present Council was that which arose last night when the matter of the tax levy ordinance was brought up. There was a disposition on the part of some of the members to leave the measure slumber until another night, but it was finally discovered that a mistaken impression obtained and that no ordinance of the subject but simply the auditor's estimate was before the Council, and then only before the Committee of the Whole.
Mr. Barstow set the ball a-rolling. He said that he had to attend another meeting and would be compelled to go away out and let the tax levy ordinance be taken up before the Council, and then only before the Committee of the Whole.
Mr. Stetson said that the measure was before a committee and he asked whether it was the intention to have the measure taken from the committee.
The chair said that the effect of Mr. Barstow's motion would be to take the ordinance from the committee. The Police Department is the best paid department in the city. If any department has a deficit it ought to be the Police Department. We certainly cannot take the money out of the street fund and we certainly cannot take the money out of the tax levy fund. There has been a cost of \$3,000 estimated for the dredging of the wharves. Now that work can be done I understand for \$3,000, and there will be a saving of \$1,700 right there.
Mr. Rowe said that the ordinance had been fixed up with only a few members present, and that it looked like a snap judgment.
Mr. Taylor said it appeared to him that the other members could continue the work because they had six members present, as they had the Saturday night meeting.
Mr. Mott said he would resent the remark that any improper methods had been resorted to. Members had met together, and the chairman of the Finance Committee had brought in a tax levy ordinance, which he had a perfect right to do.
Mr. Rowe admitted that such was the case.
Mr. Mott said that the members had come together a number of times and discussed the levy, and had done nothing. He had grown tired of being laughed at. Every Committee had been invited to be present. Six or seven had attended. They had discussed the ordinance in a careful manner.
"When you say 'we,' interpreted Mr. Rowe, 'you do not include me? You mean the six? I don't know who called the meeting.'"
"Include myself and those who were present," said Mr. Mott.
"I received the notice about 11 a. m., but I had made other arrangements for San Francisco," said Mr. Kramm.
"I will take the responsibility of calling the meeting," said Mr. Mott, "and there will be nothing more to it."
"If Mr. Mott had a tax-levy ordinance to introduce here tonight," said Mr. Mott, "he has a right to introduce it. He has a right to introduce a tax-levy ordinance, he has a right to do it. We might have eleven ordinances on this subject."
"That may be your opinion on the subject," said Mr. Stetson, "but the subject was referred to the Committee of the Whole for Wednesday. There was no reason why the date of the discussion should have been changed."
"It was not a matter of the Committee of the Whole five weeks ago, and nothing has been done. I am in favor of taking it out of the committee and doing something with it."
"If you say there are five weeks," declared Mr. Rowe.
"If," said Mr. Stetson, "they have adopted this so that there will be a defective balance at the end of the year, I am in favor of it. I am in favor of it on the right side at the end of this year."
The ordinance was then passed to print, and the members present were Messrs. Stetson, Taylor and Rowe voting in the affirmative.

meeting of the Council that night. As the tax levy had been taken up at a meeting Saturday night and had made another engagement for that night, I did not attend the meeting because I am not in sympathy with anything that looks like taking snap judgment. That is the way I feel about it.
Mr. Taylor said he, too, had received a card inviting him to the meeting, but that he could not be at attendance.
"It seems," said Mr. Stetson, "that it was agreed upon by a few, but I am not pleased with the way the matter has been arranged. I fear that it will leave a deficit in the fund. Some of the departments of the city will have to suffer. We have been trying to do the best we could. I wanted to get \$3,000, but without crippling any of the departments."
Mr. Schaffer said that he had received his card at 11 o'clock A. M. Saturday.
